

Just One Starfish

What is Just One Starfish?

Just One Starfish is a youth mentoring organization that focuses on training high school students to be one-on-one mentors for at-risk upper elementary/middle school students. The organization was named for the modern day starfish parable, and the basic concept that, although we cannot solve all of a community's problems, we can empower young people to make a positive difference in the community one person at a time.

Vision Statement

The vision of Just One Starfish is to transform communities and positively change lives through creating one-on-one mentoring relationships between local high school students and at-risk upper elementary school students.

How it works

Just One Starfish high school students are paired with local 5th/6th graders in order to create a mentoring relationship that lasts during the challenging time of preadolescence. Following a training curriculum, Just One Starfish mentors are coached in student leadership and in being positive role models. Unique to Just One Starfish, high school mentors receive continued coaching and follow-up during the mentoring process. The vision is to have mentors meet with their mentored "stars" regularly over a period of one to two years - establishing trust and encouraging positive life decisions. While we cannot solve the problems of the entire community, Just One Starfish mentoring seeks to positively impact one student at a time, creating a ripple effect in our schools and communities.

How to become a Just One Starfish Mentor

To get started, Just One Starfish Mentors need to complete the attached application. Completed applications can be emailed to erinjackso@yahoo.com or mailed to: Just One Starfish, Attn: Erin Jackson, 2319 Denham Dr., Arlington, TX 76001.

Once the application is reviewed, potential mentors will be contacted to schedule mentor training. After training, mentors are matched up with their local "star" – an upper elementary school students of the same gender. Mentors and their "stars" meet afterschool 2-4 times a month during the school year at the elementary school campus for one-on-one getting to know each other.
